HOME SCHOOLS SCHOOL SUMMER FAIR

# School Summer Fair

Posted about 3 weeks ago | Comments Off

Stephenson Way Community Primary School held a summer fair to raise funds for the PTA. Fun was had by all in the glorious weather as children enjoyed the army paintball, bouncy castle, go karts, face painting and even shooting teachers with water in the stocks! Children from the dance club and music club also put on fantastic performances.

All items on the raffle and tombola stalls were kindly donated to the school and raised a massive amount of money. The school would like to say a special thank you to Digiprint for donating a banner to advertise the event. Thank you to everyone who helped and attended the fair which raised approximately £700!
